Citizen engagement through gamification.

Our mobile game

Crowdsorsa is at the forefront of innovation in crowdsourcing data collection and micro-tasks. Examples of our offering include road condition surveys, invasive plant species removal, accessibility surveys, etc. All of this with a mobile game, where people earn money for their participation.

Our mission

We are dedicated to empowering citizens to be proactive stewards of their built and natural environments, ensuring they remain in excellent condition.

Our records

550 km of cycle lanes condition surveyed in 90 mins

24 000 drain covers photographed in 24 hours

50 hectares of invasive plants repelled in 7 days

THE COMMUNITY MATCH FUND

Sustainable CT's innovative **Community Match Fund** provides fast, flexible funding and support to implement projects that align with our menu of sustainability actions. Unlike traditional funding programs, the Community Match Fund has no tedious grant application, no deadlines, no lengthy review period, and minimal reporting requirements. We invite great ideas that provide public benefits to your community. And we support projects led by individual residents, nonprofits, community groups, municipalities, schools, libraries—anyone in a Sustainable CT registered town.

Have an idea to make your community more sustainable, equitable, and vibrant? Contact us at funding@sustainablect.org.

Whether you're dreaming of more green spaces, solar for public spaces, greenways for biking and walking, murals and other public art, green jobs programs, community composting programs, or community gardens, the Sustainable CT Community Match Fund can help make your idea a reality. We'll work with you to develop and run a crowdfunding campaign and **we'll match every donation** you receive dollar-for-dollar.
