RE: Ordinance Concerning Parking in the Isham and Memorial Garages

Dear Mayor Cantor & Town Councilors:

I represent the Heritage Board of Directors, and we are writing in support of the proposed Ordinance Concerning Parking in the Isham and Memorial Garages.

We are owners of our units and are especially concerned about access to the Memorial Garage as it provides the only access to the Heritage parking. Many of our owners have lived here since the units were first constructed and in part purchased our homes to be part of the Blue Back Square community.

We appreciate the Town Council's commitment to ensuring that these important assets remain available to the public. Our residents often use the spaces for visitors and the Town Hall lot during maintenance of our garage. The West Hartford parking department has always been accommodating to our requests and very helpful. Convenient parking is critical to the success of Blue Back Square businesses in our mixed-use community.

We believe this ordinance is necessary to ensure the continued vitality of Blue Back Square.

Thank you for your consideration.

Leland J. Brandt
Board President
The Heritage Association
